Abstract	How to Enable the On-Screen Keyboard in Windows 10		
Keyword	On-Screen Keyboard, Windows 10,		
Related Product	TPC, PPC,		

■ **Problem Description:**

In this FAQ, I will mention how to set up the on-screen keyboard and make the on-screen keyboard appear automatically when the customer needs to type.

■ **Brief Solution - Step by Step:**

1. Press “Win+I” to open the Windows setting.
2. Typing->turn on the selection as shown bellow.
